ESNOTH HOUSE 1861

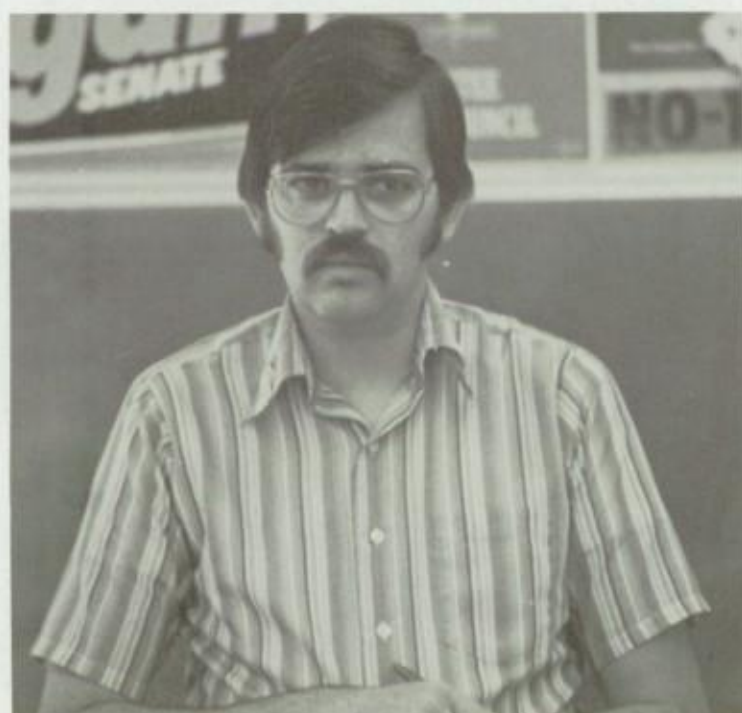

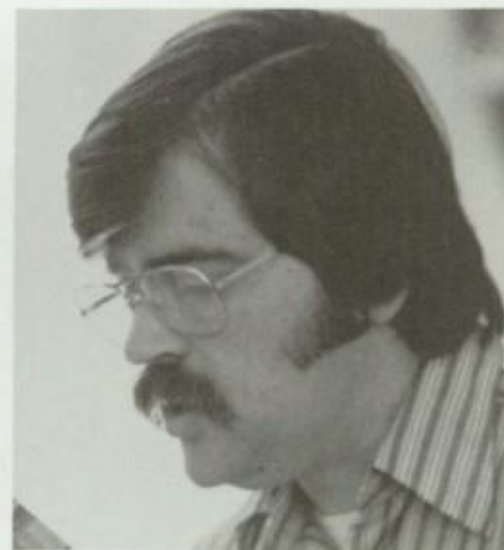

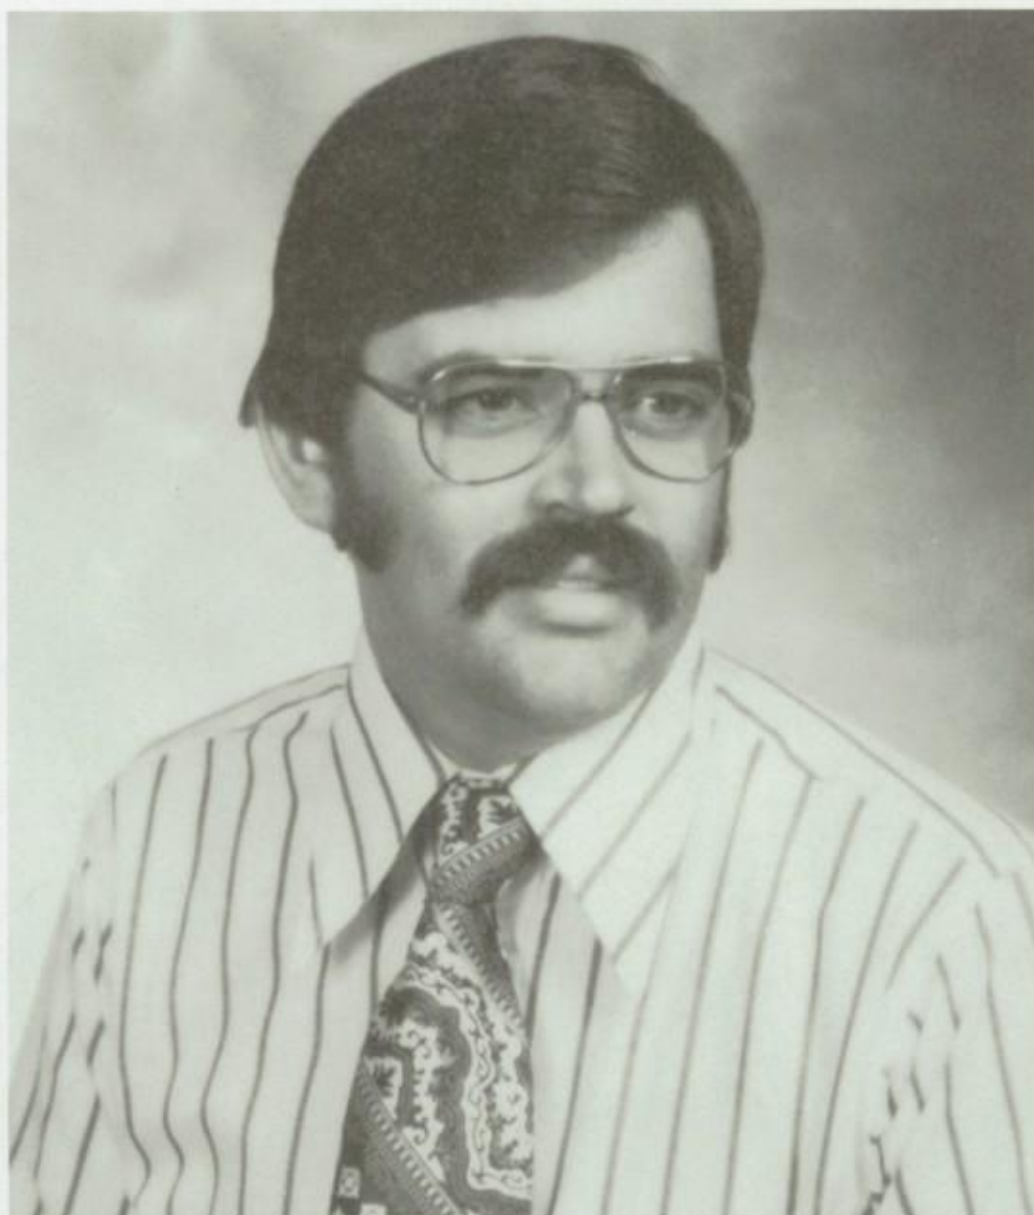

Carousels with proud, prancing horses,
Children young and old laughing,
Riding the ferris wheel
With its bright lights spinning,
Forgetting for the moment
Life's realities.
Pretzels with mustard,
Sticky cotton candy and caramel apples,
The thrills and pleasures of now.

Our lives go round and round
Like the carousel with all its horses
Not realizing that we live for tomorrow,
But glancing back
Riding the old memories of yesterday.
When the music stops, the ride is over
And it is time to get off,
To move on to fulfill the potential in tomorrow.

IN THE SPOTLIGHT

To a man who is seldom, if ever, at a loss for words,
 whose puns and friendly attacks on the female gender swelled the egos of men
 and kept the spunk in women alive (if you were expecting total subservience,
 you blew it)
 Who lets you know that even on your baddest days things could be worse ... he
 could tell "foot-foot" jokes for the first ten minutes of class ...
 A man whose unique sense of humor has brighten many a day ...
 The 1980-1981 LIGHTHOUSE staff would like to dedicate this book to

MR. KENNETH UTT

THE RINGMASTER

Dear Friends,

This year's theme, carousels, has many applications in our lives as Seventh-day Adventist Christians. Jesus Christ stands beside the carousel of life inviting us to get off the endless repetitions of sin and is offering to lead us on a meaningful and exciting trip as His disciples.

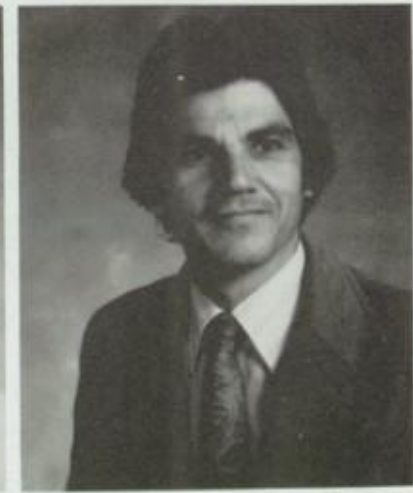

It is *our choice*. Do we want to spend our days on this earth entranced by the "proud, prancing horses" of the carousel? Or do we want the most satisfying, lasting, happy, productive way of life possible? The opportunity is here for us to step off the "merry-go-round" together as faculty and students. I am grateful that we have been able to share in a more abundant life in this school. I am grateful for the hundreds of beautiful people that have made this school possible.

It is my earnest prayer that you have found San Diego Academy an ideal place to meet Christ; not only in the religion classes, but through the lives of all of us as faculty. Enjoy, with me, this glimpse into our lives during this school year 1980-1981.

HIKING CAMPING CLUB

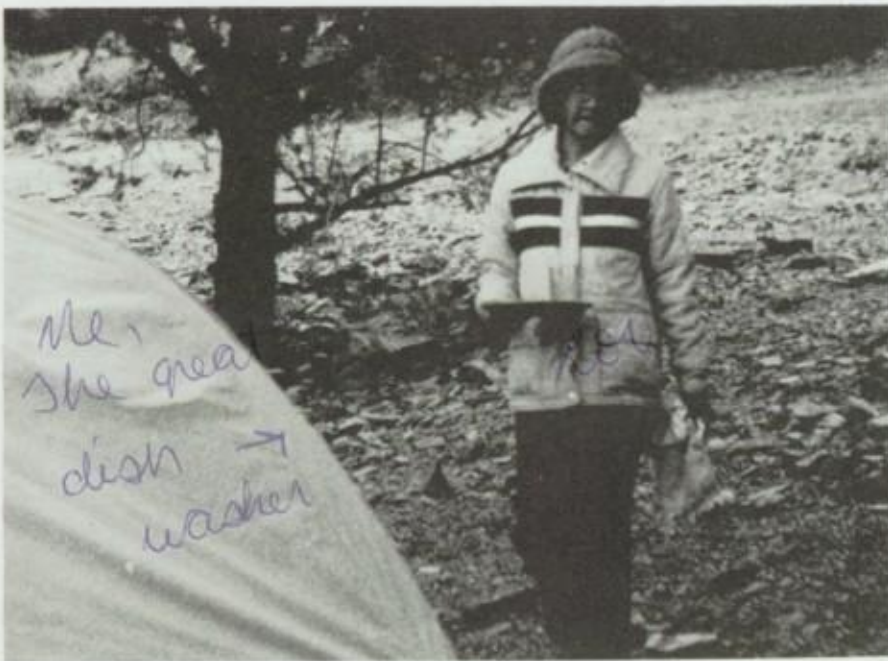

The Hiking and Camping Club provides students a way to leave behind the hard, sometimes confusing, everyday routines at school. The frequent trips to the mountains and desert teach us more about nature, God, and each other. They also teach us responsibility, test our strength and endurance, and let us unwind from the rigors of life.

The beautiful sceneries, wonderful people, and exciting atmosphere always have fun in store for those who get involved in this club.

Surf and Ski Club got off to an early start this year with a pre-school trip to the river. The group spent several days skiing and putting the finishing touches on their summer tans. Energetic plans have been made for the snow skiing season and so all the club needs now is for Mother Nature to cooperate to provide the snow. Happy Schussing!

FOOTBALL

Girls, as well as guys, love to play football. There is, however, one slight difference. Girls' flagball can be hazardous to your health. Despite the scratching, clawing, and tackling the offense to reach the well-guarded flag, the girls survive, and survival is the greatest achievement.

SOFTBALL

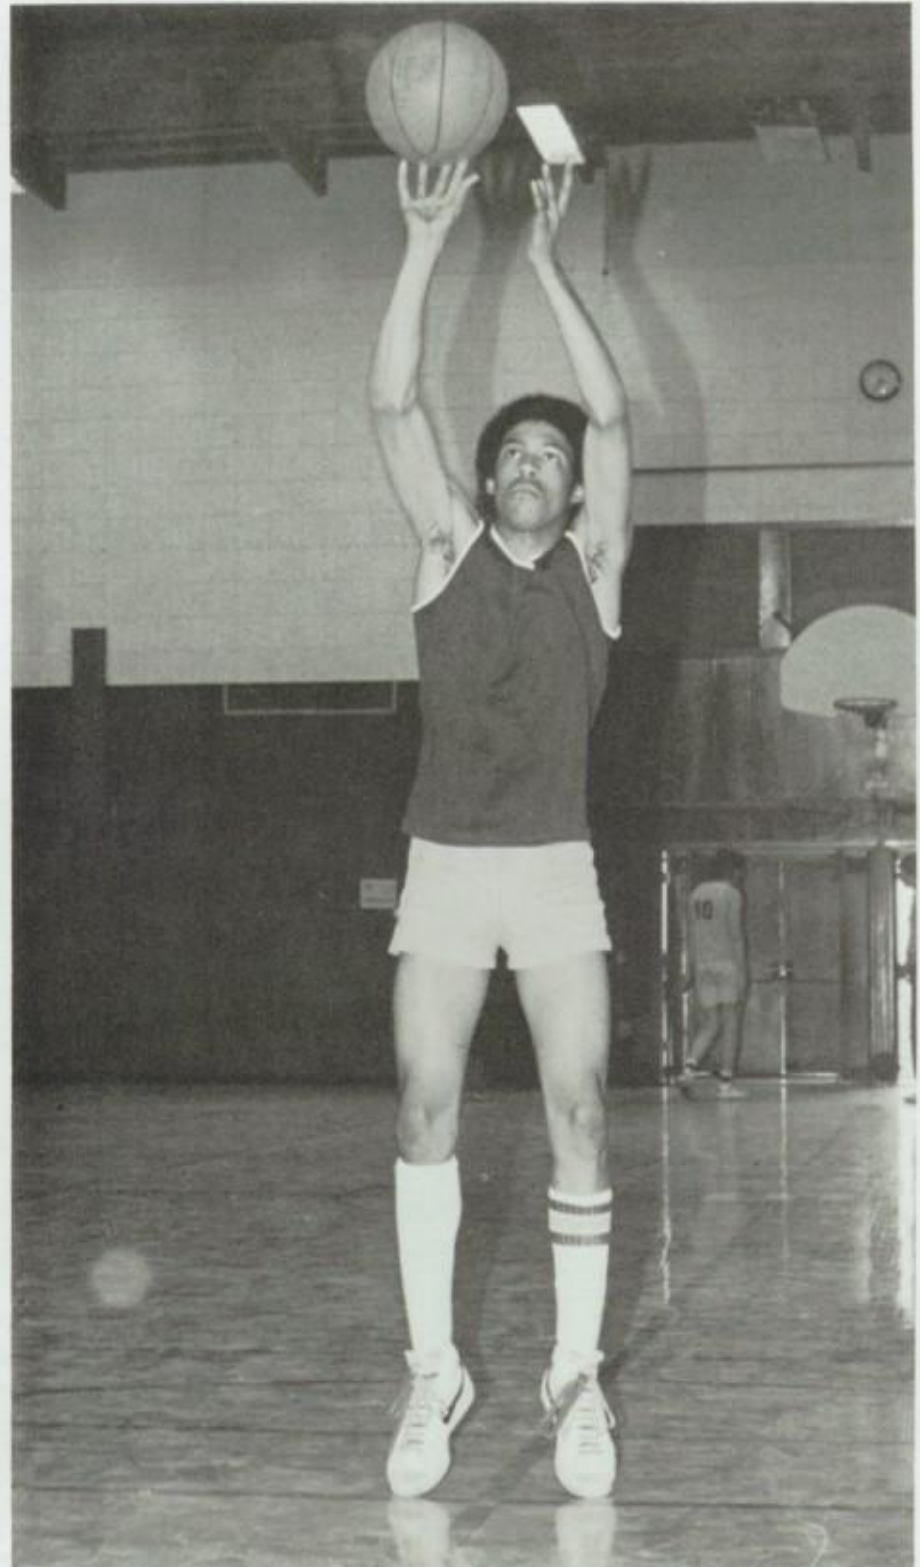

Because of the lockerroom construction, softball turned out to be a coed activity. Both guys and girls competed with and against each other and the experiment turned out pretty successfully. Besides getting to know people from different classes and of different gender, the girls learned from the guys and, for the most part, the boys enjoyed the girls' company.

BASKETBALL

This year basketball has been one of the main sports in the center ring. A total of eight teams are separated into two divisions known as "A" and "B" leagues. The teams and captains are: Courtney Barron (Sixers), Graydon Skeoch (Celtics), Andy Reese (Suns). Coach leads the faculty team. In "B" league: Kenny Hill (Trojans), Jonathan Greene (Bruins), Marvin Vaught (Warriors), and Manuel Albitre (Sun Devils) are captains.

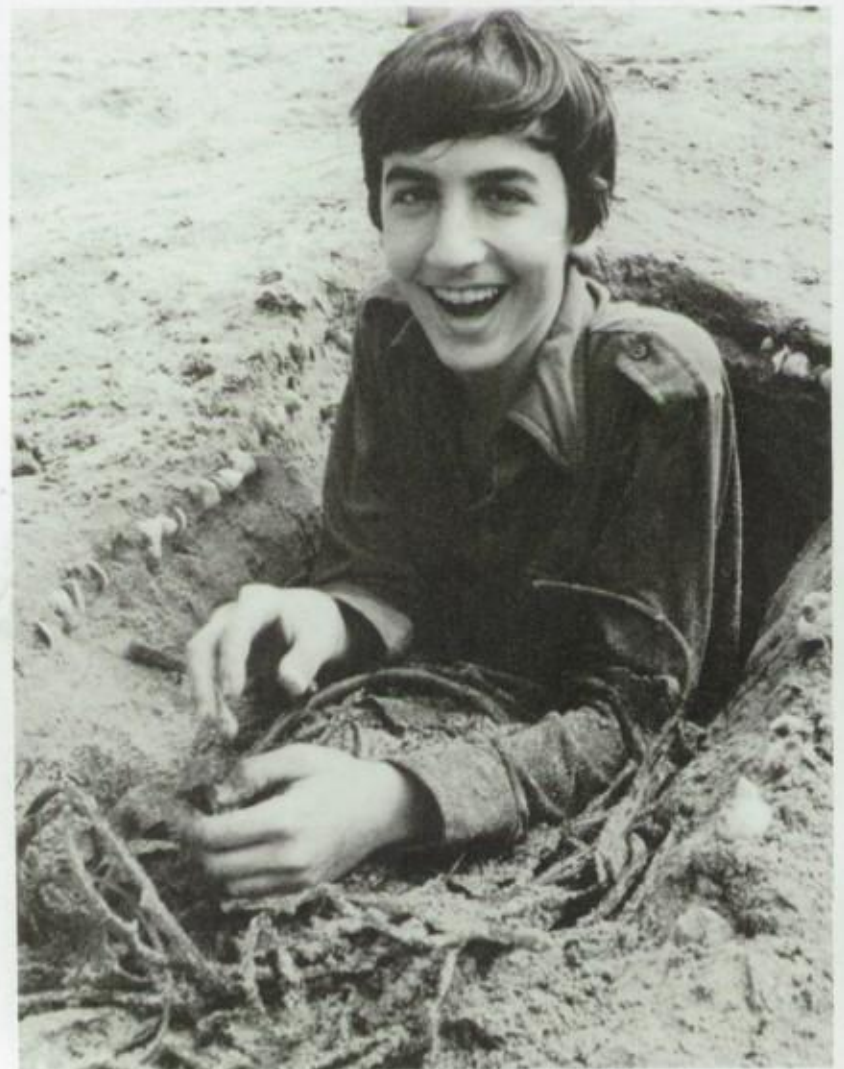

UNDER THE BIG TOP

SAND SCULPTURE DAY

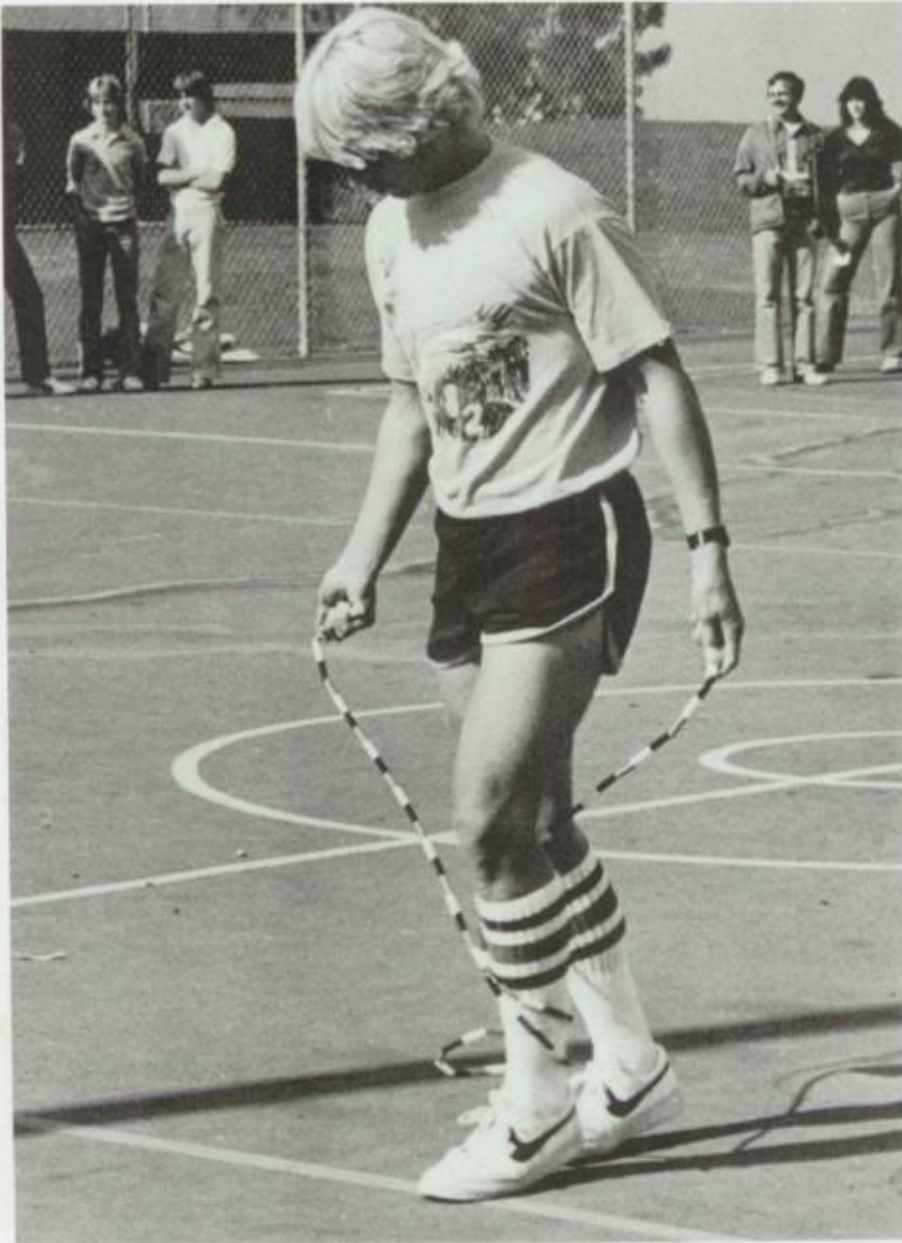

First ————— Juniors ! '82!
 Second Seniors
 Third Sophomores
 Fourth Freshmen

Crowding your whole class into a yellow bus is a task, but when everyone knows it's for Sand Sculpture Day, they cooperate and everything runs smoothly. At the sight of Silver Strand State Beach everyone becomes hyper with excitement and the anticipation of winning. Piling out of the buses and onto the beach, the students prepare for the tug-of-war. Battling it out until the end, the Seniors put up a good fight, but reluctantly have to give the win to the Juniors. After a short lunch the classes start the work on their masterpieces. At first it all looks like a pile of sand, but soon, recognizable forms take shape and the judges have to decide which will win the prize. It's amazing how so many hands can turn up something they are so proud of. Again the Juniors took the prize with a life-sized sculpture of a corvette.

FALL PICNIC

The fall picnic was a day filled with excitement and competition.

The morning was filled with participation in various relays-basket shooting, jumprope, dizzy-and leapfrog. Many of the skills of childhood which the students thought to be long forgotten were discovered.

Lunches were eaten over heated discussion about whose class was better or who's "bad" and who's "sad".

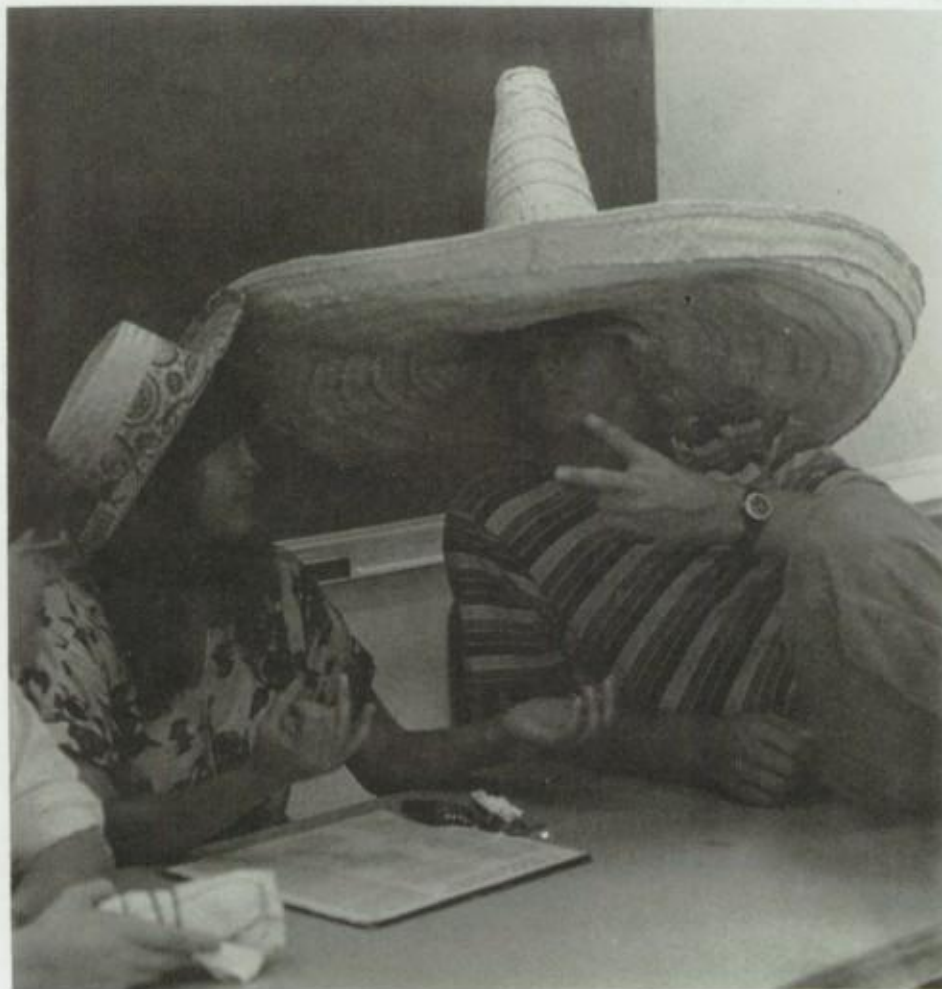

Football reigned supreme in the afternoon with competition between the Juniors and Seniors and later the Freshmen and Sophomores. The games were won by the Seniors, in a very close contest, and the sophomores.

Even after all that there was energy left to lead rousing class cheers as the buses pulled out.

HAT DAY

S.A. ELECTIONS

Our dedicated S.A. officers deserve a hand for creating many activities for us throughout the year. These diversions gave us a chance to break away from average school life, even if only for a short while, and bring us closer together. Some of the shows on the program included: Get Acquainted Social, Hat Day, Fall Picnic, Christmas Banquet, Football games and many others. But as the new officers leave the ring, a new troupe comes in full of promises and high hopes. So, let's cheer them on and give them our support.

FALL WEEK OF PRAYER

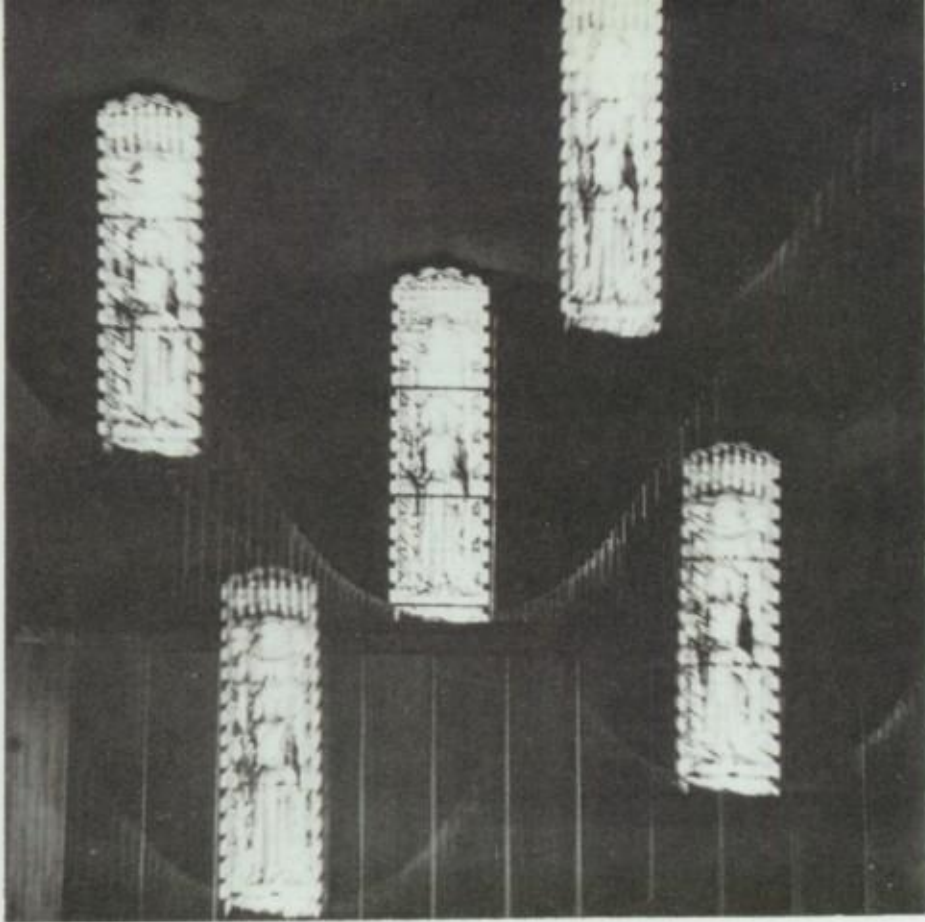

If we confess our sins, He is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness.

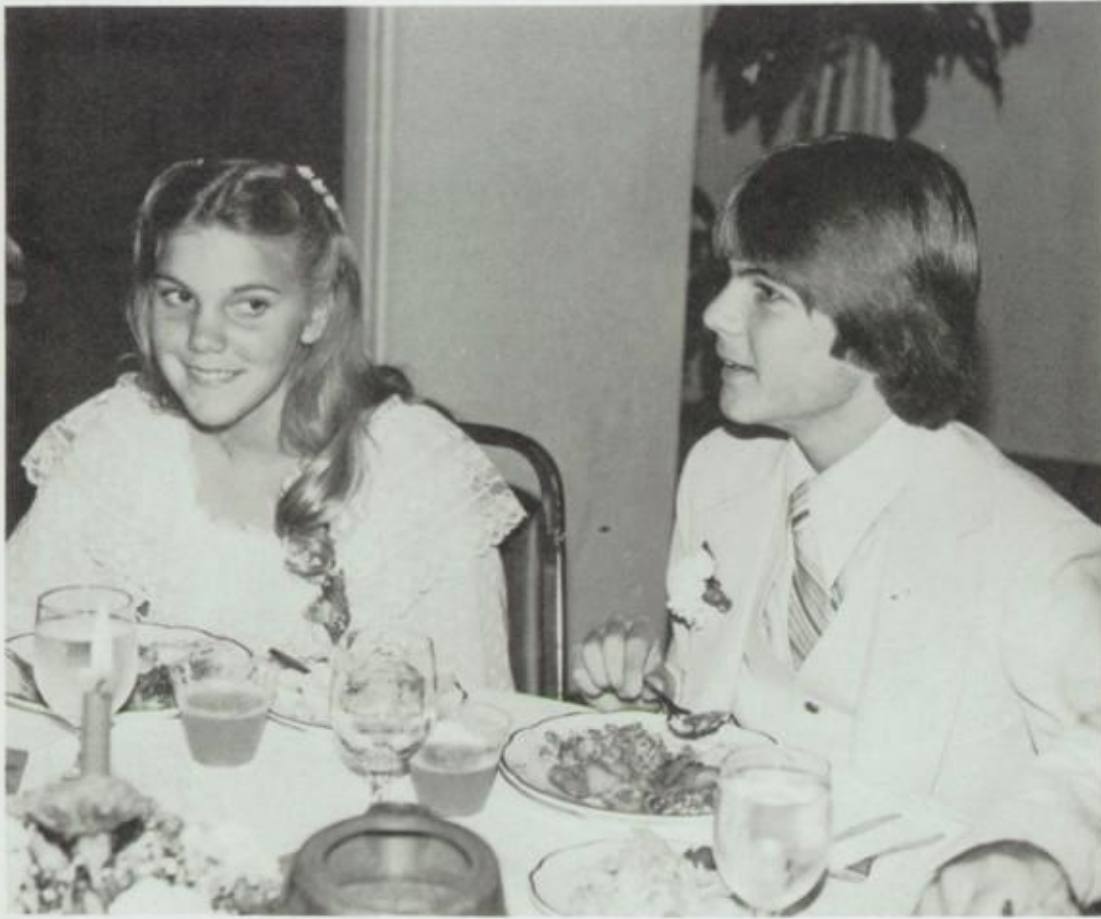

I John 1:9 KJV

Elder Mike Hanson and Elder John Thurber of the Paradise Valley Church held the annual Fall Week of Prayer. Being right with God was the theme for their discussion and stories. Pastor John proved to be an excellent story teller. Students were not only entertained by the stories but were led to a conviction of the need to seek forgiveness from their God and their fellowman.

CHRISTMAS BANQUET

This year's Christmas Banquet was held at the Royal Affairs in their private dining room. Bright, glowing candles, warm smiles, and Christmas cheer abounded. An excellent Italian buffet was provided, complete with flaming desserts to finish off the meal.

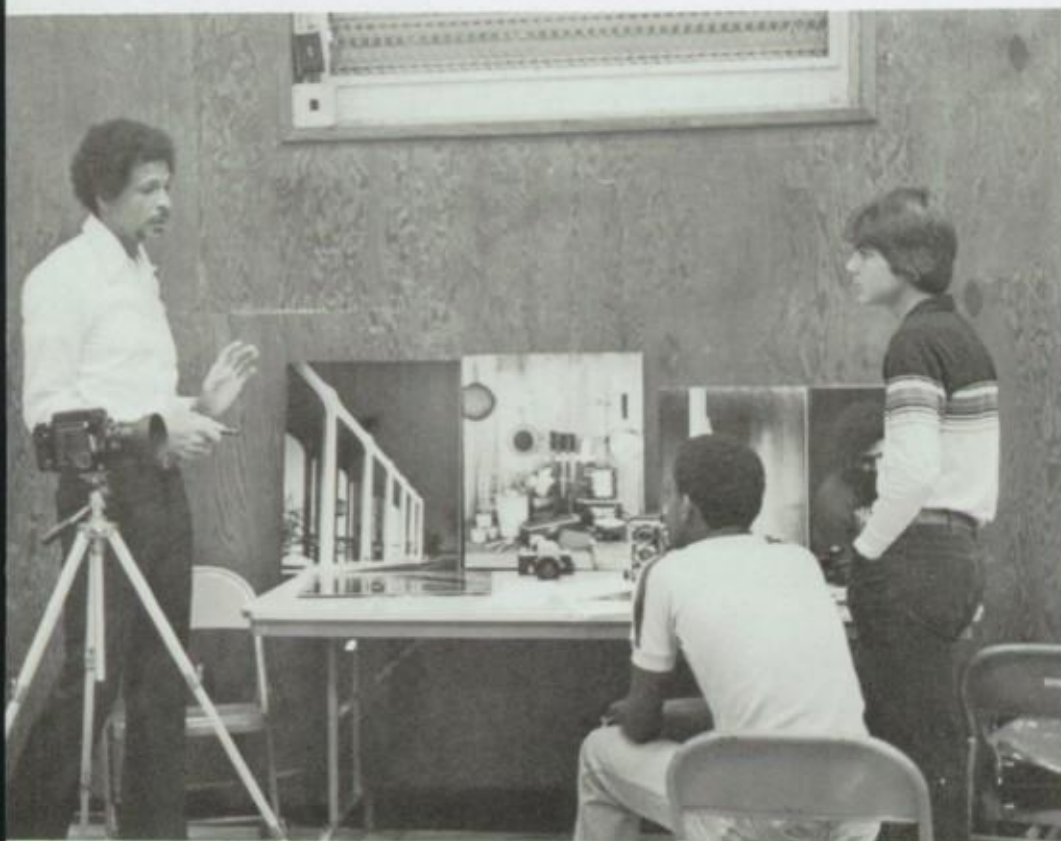

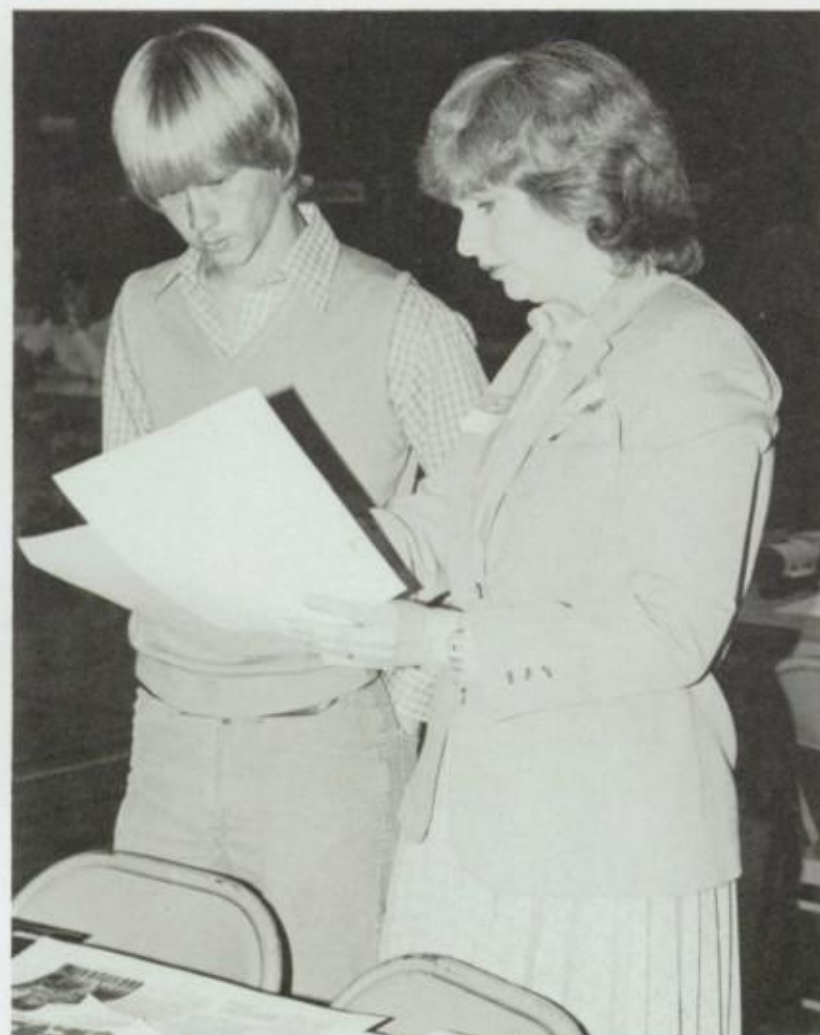

After dinner the fun began. First there were Christmas songs followed by Mark Wentzel, the Great White Face, who provided a great many laughs and insight into what pure creativity can do with simple "props"-the audience. Mr. Keresoma told a few jokes to pass the time and Mrs. Hanson sang. Finally we were visited by Santa herself, straight from the South Pole.

Thanks go to Robin Parker and the SA officers, Royal Affairs, and Mark Wentzel for an entertaining, unforgettable evening.

CAREER DAY

If you come to Career Day prepared to ask questions and to find out what grown-ups do all day, you can come away with a lot more options for your life than running away to join the circus. What's more, you can even get Career Education credit for being prepared, asking a few questions, and writing a small report. If that doesn't help, you can at least get a free haircut or manicure. Our school is the first to provide such an opportunity for us and this year we were joined by visitors from San Pasqual Academy, the El Cajon School, and our own junior high.

CHAPELS

Chapels this year have been varied and often entertaining. The highlight of the year may have been the SA sponsored Roadrunner cartoons but things didn't exactly go downhill after that. Mr. Marcoff, the memory expert, flawlessly recited an entire blackboard of numbers the morning we forgot to put up the chairs; "Mr. 'Yes'", Bob Ashley and his partner played ping pong; Mr. Grams taught us about healthful eating; and, get this: the Freshmen won the College Bowl! Jugglers, artist, and speakers joined the parade. Our thanks to Mr. Utt for his efforts scheduling the Wednesday morning feature.

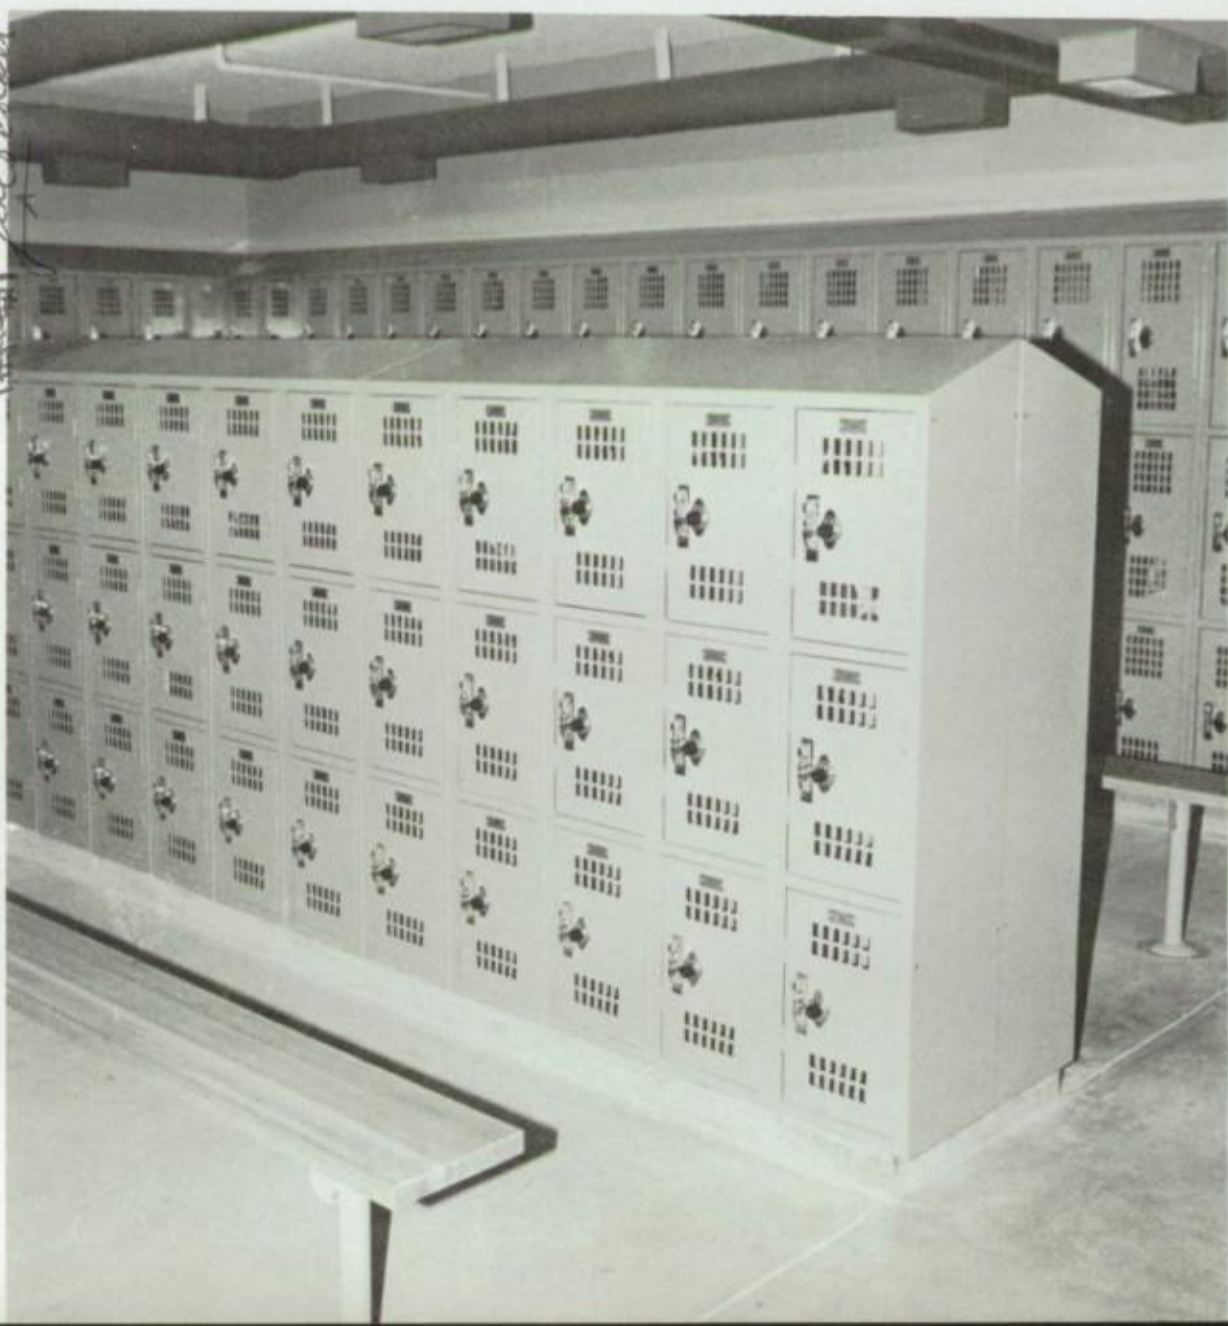

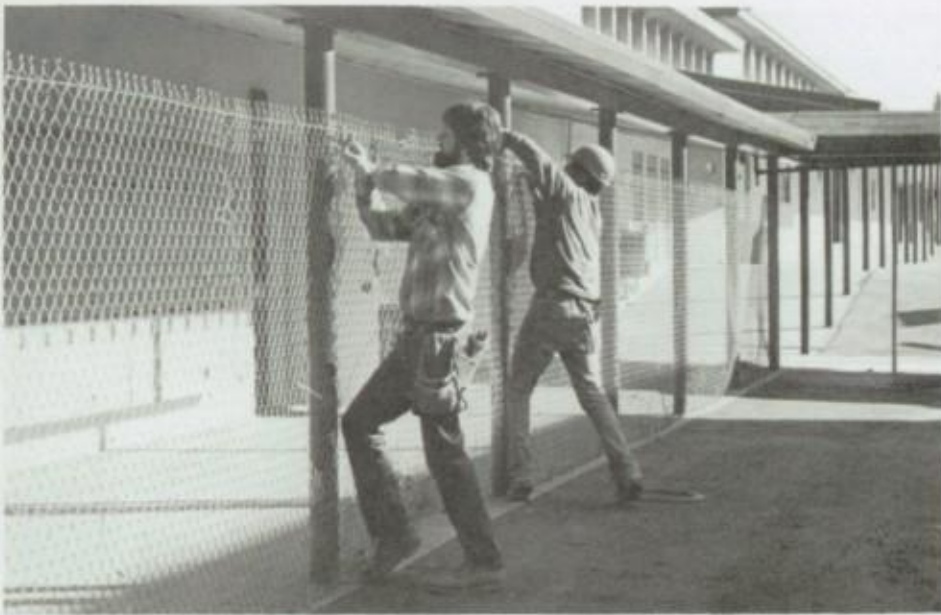

LOCKERS!!

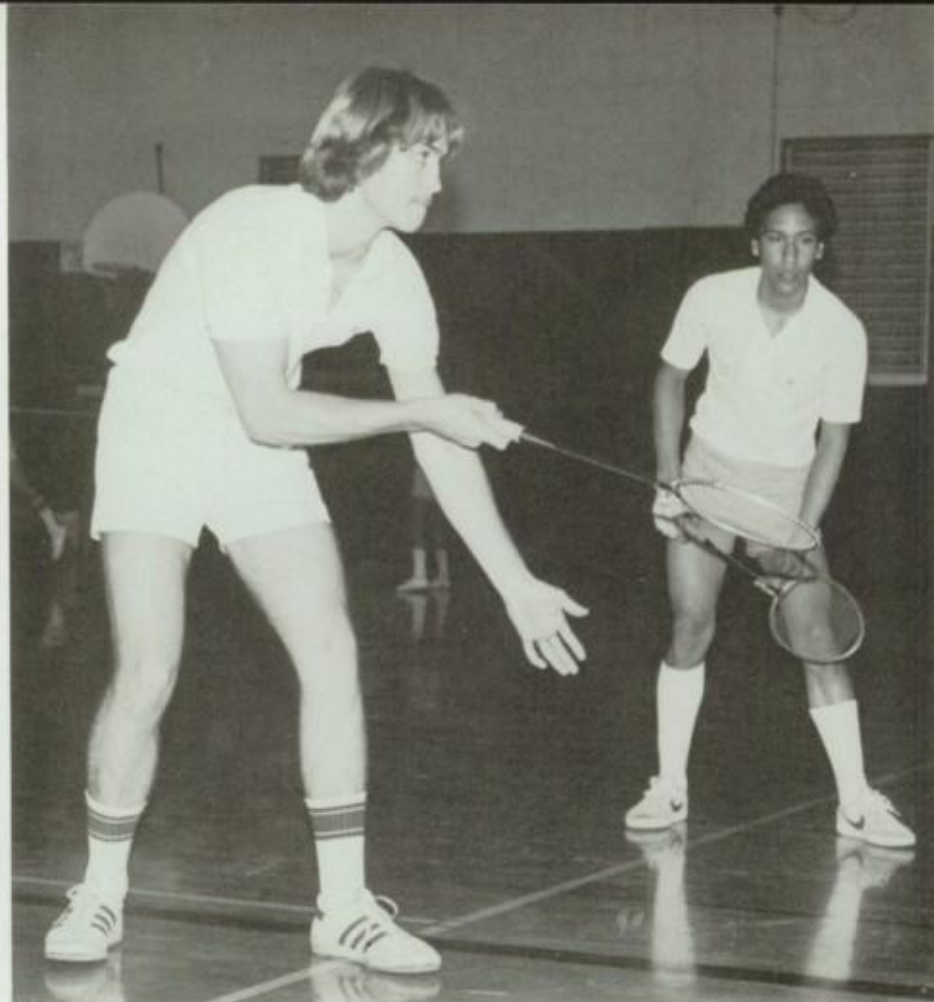

Air pollution at San Diego Academy ended shortly after October, 1980 when we FINALLY moved into the new shower and lockerrooms.

Everyone was dazzled by the decor but no one disagrees that the improvement was remarkable. The dark, underground catacombs which once held the boys, their sweatsocks, and a few cockroaches had been transformed with skylights and an array of bright colors for the girls. Upstairs became the boys' new quarters complete with a washer and dryer for the towels.

Groundbreaking for the project was held in February and, since then, many days were spent in last minute planning, raising money, working, watching and waiting until the finished product was realized. Our students extend their thanks to all who worked to make these facilities a reality.

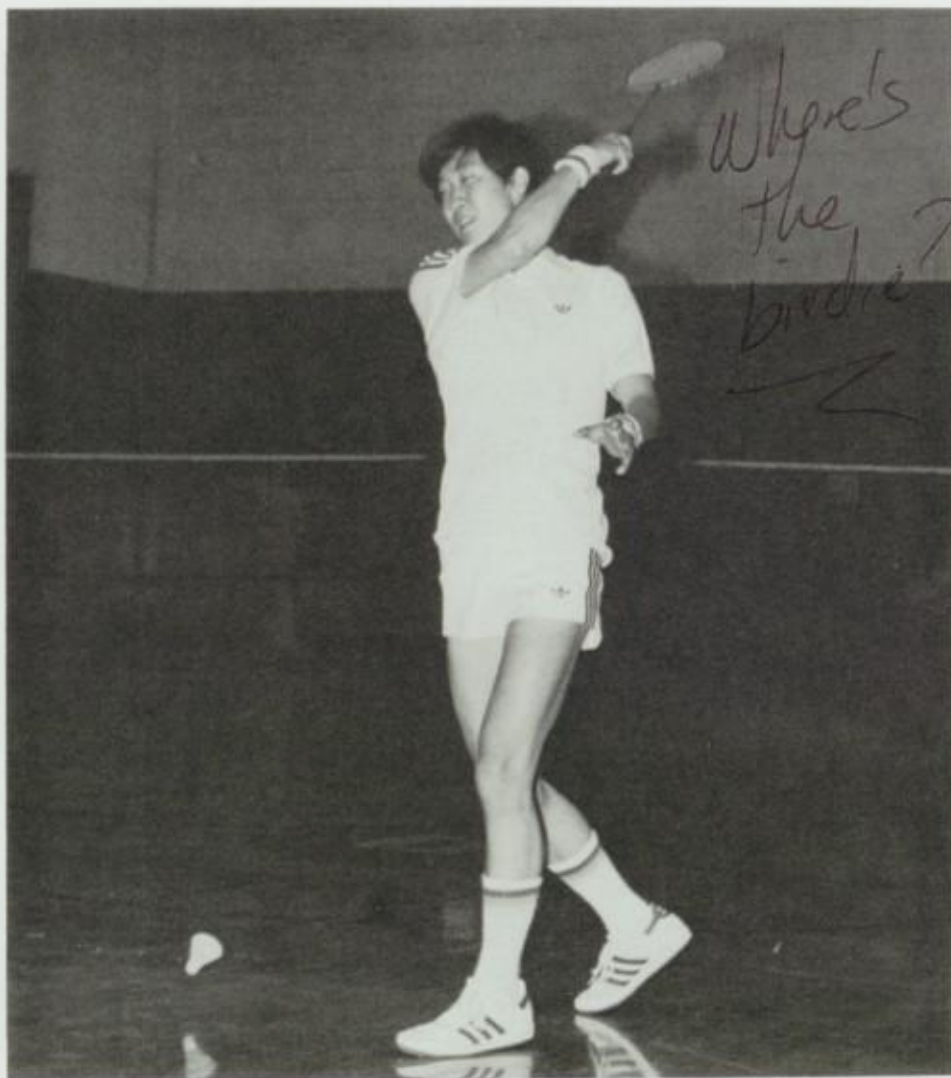

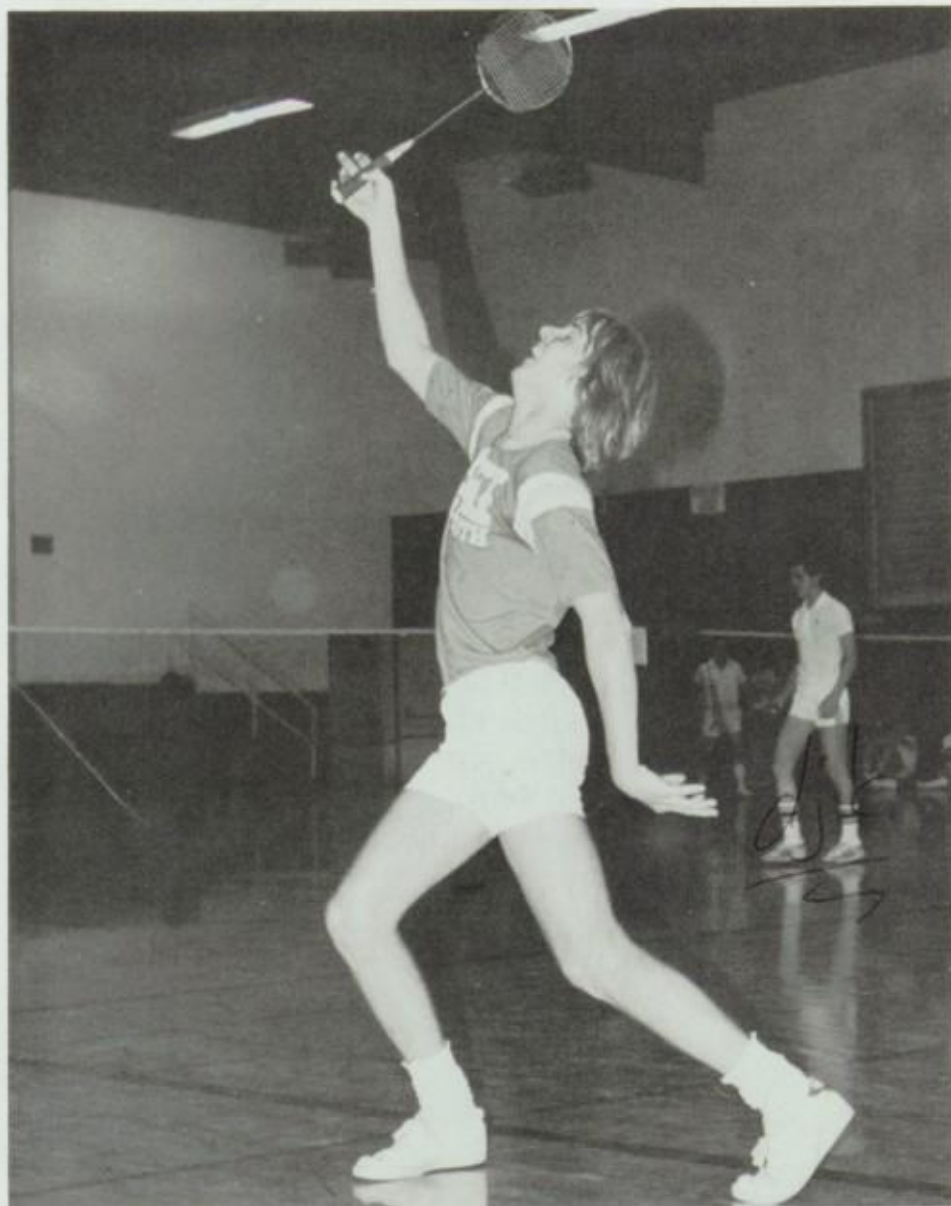

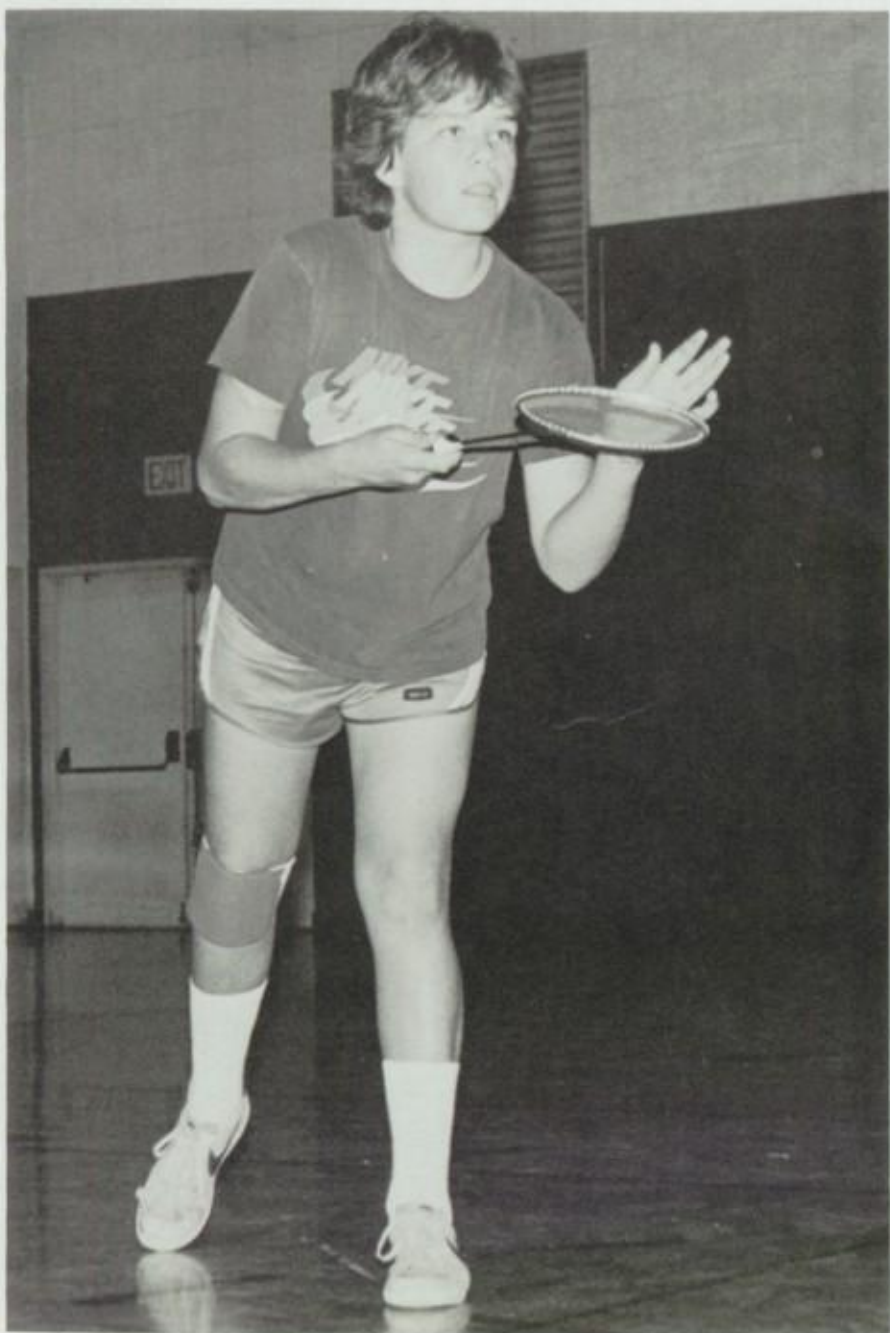

BADMINTON

Second Semester sports director, P.J. Symonds, organized a Saturday night badminton tournament which provided some excitement in an otherwise pretty tame February. The first twelve teams to sign up and pay their entrance fee comprised the draw. Several fathers entered with their sons and one team of girls, Linda Lum and Debbie Boney, were brave enough to enter. The completion of the double elimination tournament found Kelvin Kon and his dad without a loss, the last survivors in a field of twelve.

CIRCUS HANDS

Many of the students going to the academy work hard to pay for the programme. They have jobs at various places learning new skills and trades, and some are earning class credit along with their pay. With the price of running the circus ballooning as it is, the working students and others deserve a hand for doing their part to keep the show going on.

suckin' my thumb again

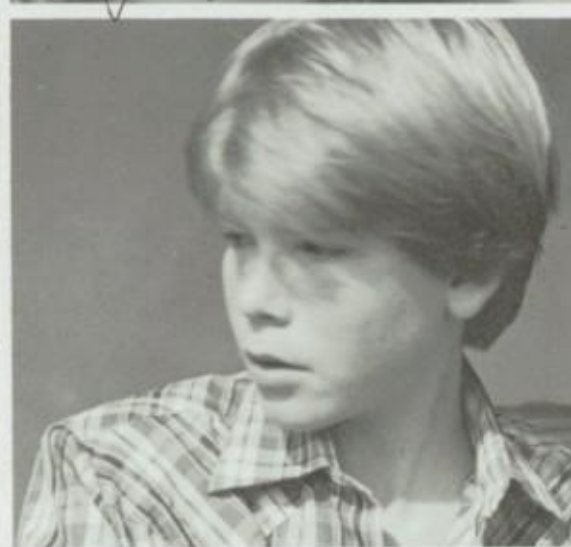

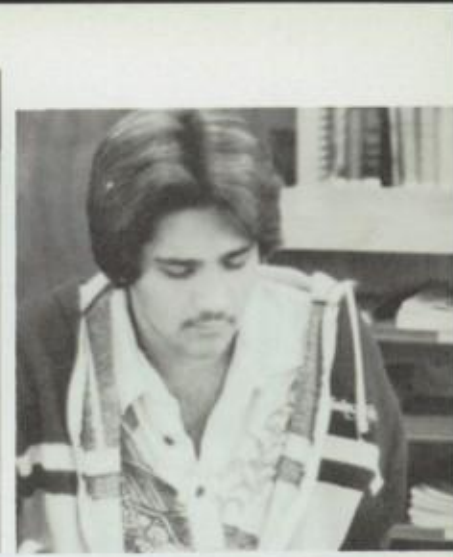

It was not a good year to be the insurance carrier for San Diego Academy. Our students, clumsy though they may be, have had to cheerfully endure their casts, crutches, braces and have patiently answered at least a million times, "How'd ya do it?" Numbered among the casualties were broken toes, foot bones, 3 broken collar bones, a hurt back, plenty of sprains, and a couple of surgeries. Even the faculty did their share, contributing two of their number to the Order of the Crutch. Those of us who still can are crossing our fingers hoping to avoid the blight.

RUN, TANGELA, RUN AGAIN

Alice LaMurle Smith

Run, Tangela, run!
Run in the strength of your youth;
When earth is cleansed
The sky is made pure;
And God, alone, is Truth.

Run with the wind
Blowing gently through your hair;
Chase nebulous rainbows,
That are never quite there.
Run with the Sun
Shining softly on your face;
Reflecting the beauty of
Saving Grace.

Race with your shadow;
Run in the misty rain;
Run, Tangela, run again

Jump, Tangela, jump!
Jump with the vigor of youth;
When on command,
The Body responds;
And divine power surges through.
Then jump, Tangela, jump again.

Jump with the morning;
Rebounding soft as dew;
Active with sinew and muscle;
Stretching and flexing anew.
Leap with the doe;
Bounding agilely over hills;
A study in rhythmic motion.
Expressing the Creator's will.

Push back the sky;
Jump into the wind;
Jump, Tangela, jump again.

Laugh, Tangela, laugh!
Laugh in the joy of your youth.
When Jesus reigns;
Death is vanquished;
And Life begins anew.
Then laugh, Tangela, laugh.

Laugh with increasing pleasure;
Exploring Great Wonders above;
Discovering *new* dimensions
Of God's Omnipotent Love
Laugh with exhilaration;
Thrilling sounds and sight;
Observing orbital splendors.
Cities without darkness of night.

Laugh with each Dawning;
Laugh full-New messages send!
Laugh, Tangela, laugh again.

Sing, Tangela sing!
Sing in the freshness of your youth;
When there is no more pain;
Vocal cords are set free;
And the tongue is forever loosed.
Then sing, Tangela, sing again.

Sing with the spirit
Governing a new heart and soul;
Crescendo to Grand Finales,
With themes that never grow old.
Sing of Salvation;
The pathway *you* had tried;
Extolling, eternally, the GREAT LOVE of God.

Sing HALLELUJAH!
Forever AMEN!
SING, TANGELA, SING AGAIN!!

Dear Bum,
 You're a rat! A little rat, a mouse even.
 No, you're a flea on a mouse, wait, make that
 a parasite on a flea on a mouse. ~~or~~ maybe,
 yes, you're an amoeba on a parasite on a
 flea on a mouse. I don't think you can get
 much smaller. But, you are a lot of fun to
 be with while killing bugs in Mr. Z's room.

5 Day Plan to Stop Smoking

Always be a bum, and don't buy so many
 bugs. Have a nice summer and do well
 in your next sex education class.

You can quit

It takes a lot of willpower to kick the
 craving for tobacco, and Paradise
 Valley Hospital's Five Day Plan to Stop Smok-
 ing centers its energies into sessions aimed at
 strengthening the participant's decision to quit
 cigarettes.

'83 rules!

Kick the habit

A team of specialists

Assisting in the trauma of this change in lifestyle
 are physicians, chaplains, professional health
 counselors, and former smokers who, as a team,
 give total support and encouragement to the
 participant.

Hi Today,
 I thought I would
 write on this page so
 you would remember to
 stop smoking. I would have
 written on one to stop drinking
 but they didn't have one. Well
 maybe someday you'll stop on your
 own. After all you won't see your
 waitress for a whole summer, unless
 for some unfortunate reason we see each
 other. Just kidding. Have fun this summer,

and come back next year.

Friends,
 Nanay

Physical and mental aspects

Both the physical and mental aspects of nicotine
 withdrawal are dealt with during the Five Day
 Plan. Headaches, dizziness, nausea, nervous-
 ness, sleepiness, and other physical discomforts
 are typical withdrawal symptoms.

Fortunately, these symptoms usually subside in a
 short time. Practical tips gained from the experi-
 ences of thousands of Five Day Plan graduates
 world-wide help participants through this un-
 comfortable time — without the use of drugs.

It's your decision

The Five Day Plan works for those who follow
 the program. It's your decision. Some kick the
 habit the first night.

For most, quitting is not that easy. You can expect
 a struggle. For those that make it through the first
 five days and apply all they have learned from
 the plan — non-smoker status is a distinct reality
 for the future.

Act now!

You can be a successful Five Day
 Plan graduate by attending the
 next class at Paradise Valley Hospital. The class
 sessions meet in the hospital's west auditorium
 from 7:30 to 9 p.m. for five consecutive evenings.
 A minimal registration fee is charged partici-
 pants to help defray the cost of course materials.

Call the hospital's Better Living Center,
 474-6311, extension 2313 for registration
 information.

If you want to join the increasing number of
 non-smokers — you have to make the decision
 to quit. When you do, Paradise Valley Hospital's
 Five Day Plan is ready to help you.

WHO SAYS A BIG CHURCH CAN'T BE FRIENDLY?

Well, it's often true that big churches aren't friendly, but it doesn't have to be that way.

Paradise Valley is the biggest Seventh-day Adventist church in greater San Diego and it's just as friendly. You see, Paradise Valley members picture their church as one big happy family. So picture yourself in our big, warm family
